

PROPOSAL BY GEMBA SOLUTION

WHAT IS LEAN

The premise of lean is rather simple

companies must strive to **eliminate waste** from the work or business processes

Consultations

Execution of the countermeasures with proper guidance from the consultant

Strategic Planning

Direction & Brainstorming sessions with the Board of Directors and Senior Management

Process Improvement

Discussion on countermeasures based on the strategic action list

LEAN Workshop

Understanding and knowledge transfer and Lean Management & the agreed action list

KPI Development

Discussion on strategic Key Performance Indicators

Process Diagnose

Understanding of overall process flow & justify the need of improvement in the operations
